

Juice Served Here Opens in Venice

By **Marcia Prentice** on 09/24/14 at 11:00 am

All of the Juice Served Here locations have the color black as a primary element in the design. It is very bold and the retail display really stands out against the dark wall.

We wrote about **Juice Served Here** when they opened their 3rd Street location and they were also the winner of the **2014 CH+D Award**. The owners just opened a location in Venice and as you would expect the design is just as exciting and bold as their other locations. They hired designers Jason St. John and Barbara Rourke of **Bells & Whistlers** to create the Juice Served Here signature look but also adapt the design for a larger space in Venice. The furniture is lighter with a real emphasis on the large wood wall. With each new Juice Served Here location, the owners cater to the local customer.

Visit: 609 S. Lincoln Blvd., Venice, CA 90291, (310) 310-8546, Monday - Saturday 7:30AM - 8PM, Sunday 8AM - 6PM
