The budding juice chainlet launches a minimalist flagship right on Lincoln Blvd in Venice with a full line of cold-pressed delicacies, shakes, and even a full selection of Cafe Gratitude bites to-go.

If there was ever a place to open a **healthful juice bar** with the highest level of design in mind, **Venice would be the place**. Occupying a **modernist** garage of sorts, this flagship **Juice Served Here** has the full complement of cold-pressed juices like the classic field of greens, made with spinach, kale, romaine, and just about everything else from the farm. Also consider nut milks, coconut water, charcoal lemonades, wheatgrass shots, and a slew of raw shakes to revitalize your energy-starved body. If that's not enough, there's a full lineup of Cafe Gratitude's tasty vegan bites available for takeout. Think of this as the kind of life-giving cafe of the future, but open today.
